Subject.- Sirens in Mysore City - appointment of a mechanic for -

---

I have the honour to invite refeence to G.O. No. W.2283-86/W 150-40-11 dated the 2nd April 1942 sanctioning the appointment of a mechanic for attending to the sirens in Bangalore and Mysore cities.

Flag "Y"

There are 10 sirens in Mysore city and it will not be possible for one mechanic to attend to the maintenance of all the sirens in both the cities. The General Superintendent, Cauvery Power Scheme, has proposed that a mechanic ~~xxx~~ might be appointed to attend to the sirens in Mysore City exclusively. The A.R.P. Controller, Mysore, however feels that it is unnecessary as there is not sufficient work for a full-time mechanic at Mysore. He has suggested that an allowance of Rs.10/- might be given to one of the electrical workshop mechanics at Mysore to look after the sirens in addition to his ~~xxx~~ regular duties. I agree with him and recommend that Government may be pleased to sanction a grant of an allowance of Rs.10/- per mensem to one of the mechanics of the Electrical Workshop for maintaining the sirens etc. there in Mysore.

I have the honour to be,
Sir,
Your most obedient servant.

With reference to your letter No.3272/W dated 1st June, 1942, suggesting that the siren fixed at "Kumara Park" may be shifted to the Police Station at Seshadripuram, I have the honour to state that there is no need for a siren at Sheshadripuram as the Maharaja Mills, which sound their hooters to warn the public of an air raid, is quite close. On the other hand, as a siren is badly needed in Rajamahal Guttahalli to warn the residents of this area, I propose to locate this siren at Rajamahal Guttahalli.

Power & Lighting, has forwarded an estimate for Rs.401/- for erecting the siren - copy submitted herewith - for kind information. As the work of installation has to be taken up at once, I request you to be so good as to obtain the sanction of Government to the estimate and make the necessary fund available early. The estimate may kindly be returned.

SPARE COPIES.....

I understand that at about 1 P.M. today the "Raiders Passed" signal was heard for ½ a minute and repeated twice at intervals of 5 minutes. It was ascertained that this was the result of a new siren being tested in your premises. I write to inform you that it should not have been tested without previous intimation to this office and notice to the public as it has given rise needless panic. You may kindly note this for your future guidance.

Yours faithfully,

Sd. P.H.Krishna Rao.
